Through The Director Public Instruction

& District Educational Officer, Bellary

Sir,

In reply to the above letter of the Director Public Instruction Madras I have the honour to state that the curtailment made in the staff of elementary schools was for the following reasons. The necessity of concentration of elementary schools was pressed by the Director in his proceedings D.Dis. 4114 /29 dated 20-9-29 and the question of avoiding wasteful expenditure was too once raised. Keeping these facts in view the abolition of certain elementary schools was proposed and brought about. By so doing the interests of elementary education scheme are not injured as there is atleast one school within easy distance of the school going population as required by the elementary education act. Thus Statutory stipulations ~~laid~~ have not been violated ever in the slightest manner. The abolition made can even be said to be at the

instigation of the educational authorities and not at the intiative of the management alone. By these changes the scheme of compulsory elementary education also is not at all adversely affected. ~~secondly~~ the management ~~was~~ has been cautious enough not to abolish any posts for which grants are being received annually. The number of posts as sanctioned by the Government at the time of sanctioning the opening of each school still remains unaltered as shown by statement A.

The posts now abolished are those which were from time to time sanctioned out of municipal funds . The entire cost is being met out of municipal funds only.

A statement showing the standard war strength of each ~~xxxx~~ school is enclosed herein as desired.

The number of teachers and schools are as detailed below.
